Re: To Whom It May Concern

Gentlemen:

In reference to the application(s) for the QUE proReader FCC ID:WXP- PLR001, and FCC ID:WXP-PLR002, I would like to clarify that both models are identically the same except for the following:

Model with FCC ID: WXP-PLR001 is the model with W-LAN/Blue Tooth only. The Model with FCC ID: WXP-PLR002 is the model with W-LAN/Blue Tooth and it adds a 3G module. Therefore, wherever applicable, the same documentation ie., reference manual, block diagram, schematics, theory of operation, PIF forms are used across the two models.

If you have any questions on the above, please let me know,

Sincerely,
