Columbia MD 21046

Subject: Monitoring transmission duration and the frequency of download occurrences

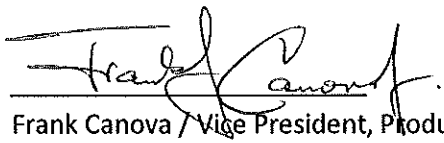

Reference: Applicant: Plastic Logic; FCC ID: WXP-PLR002

To whom it may concern:

To address continued compliance in regards to RF exposure requirements, Plastic Logic will monitor downloads to ensure the device is within the upper bound limitation. The upper bound transmission duty factor will be less than 11.18%.

In the event the transmission duty factor exceeds the conditions stated above, Plastic Logic will file Class II permissive change application and seek an approval based upon conditions observed.
